# I'll Have It GOD'S WAY

**WEDNESDAYS**

**March 15th - April 26th**

**6:15 - 7:30pm | Room A**

Facilitated by Sandie McRory and her Faith Community Nurse Colleague, Lanet Owen  
Cost for workbook: \$15

"I'll Have It God's Way" is a six-session Bible study that gently guides people through the complex and emotionally difficult decisions related to health care and end of life issues. It equips you with the biblical truth, healthcare facts, and practical steps you need to implement now while you are still healthy. It will also help you be able to approach a loved one with the need to have decisions made and wishes known. This is even for those whose attorney has created a healthcare directive for them.

By the time you complete the study, you will have formed a circle of care and have the information you need to make advanced care decisions. Plus, your family, friends, clergy, and physicians will have the information they need to understand and honor your wishes in your final days.

- Create the ultimate gift for family, friends, pastors, and physicians.
- Remove uncertainty for yourself and your family.
- Invite open on-going communication on a difficult topic.
- Choose a healthcare proxy based on logic, not emotion.
- Communicate to the people you love what matters most to you.
- Learn how to engage with the medical profession productively.
- Provide direction for your obituary, funeral service, and eulogy.
- Become your doctor's favorite patient.

Be a good steward of the life and relationships God has entrusted to you by preparing yourself and your loved ones for health events that can trigger end-of-life decisions.
